<i>Material:</i>	<i>Polyurethane Plastic</i>
<i>Capacity:</i>	<i>2,500 Lbs./In2</i>
<i>Capacity (Max.):</i>	<i>22,000 Lbs.</i>

The Quik Krib from Genesis Rescue Technology is a strong and durable cribbing device specifically designed for rescue operations. Just push into place and it automatically adjusts to the contour of the object. The polyurethane design is lighter than wood and won't crack or splinter. The polyurethane plastic is resistant to oil, water, bloodborne pathogens and many chemicals. They are easily cleaned with soap and water and last for years.
